

Jeanine Morrell and I both enjoy making Bargello quilts. Jeanine found a pattern called "Melinda's Heart" by Heidi K. Farmer. We decided to pick fabric out together and both make the quilt using the same fabrics. However, Jeanine's quilt would be full sizes - approximately 80" x 90". I would "downsize" mine by making each piece one-quarter the size of the original. Each of the quilts contains 2,553 pieces in the Bargello heart design. The smallest pieces are 3/16" x 5/8".

Jeanine's quilt has been pieced and quilted for a long time - in fact, it is hanging in the home of her special Melinda - her daughter Mindy.
