

This crib set was made, with love, for a very special baby, my great grandson, Braden O'loman. My granddaughter, Melanie O'loman and I went shopping for the fabric. She picked out the color and patterns she liked. She wanted bear as part of the design. I found two different bear patterns in Quick to Stitch, Weekend Quilts and Projects by Jeanne Stauffee and Sandra L. Hatch. I enlarged and reduced the size of the bear patterns to fit my design. Fabrics were chosen for color and texture. The prayer was machine embroidery. The quilt was machine quilted.
